Product Description

Product Description

HONEYWELL CC-PAOH01 SERIES C ANALOG OUTPUT MODULE

Technical Application

Series C I/O family is equipped with a unique, patented heat channeling form factor and its components can be implemented in a redundant fashion to provide a solution with no single point of failure. Its highly flexible modules can be placed both local and remote to the control processor. The additional benefits of using Series C include:

Greater I/O channel density and efficient cabinet heat dissipation and management

Lower installed cost

Easier maintenance

Enhanced robustness and security.
